## TOWN WARRANT

---

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, SS.

*To any Constable of the Town of Weston,*

GREETING :

In the name of the Commonwealth you are hereby required to notify and warn all of the inhabitants of the said town, qualified by law to vote in elections and town affairs, to meet in the Town Hall, in said town, on Monday, the 28th day of March, 1938, at 12 o'clock noon to act on Article 1 of this warrant; and to meet in said Town Hall on the same date at 8 o'clock P. M. then and there to act upon the remaining articles of this warrant.

The polls for the election of the town officers will be opened at 12 o'clock noon and may be closed at 7.45 P. M.

ARTICLE 1. To bring in their votes for the following town officers, each to be designated and all to be voted for on one ballot, namely :—

A moderator for a term of one year,  
A town clerk for a term of three years,  
One selectman for a term of three years,  
One member of the board of public welfare for a term of three years,  
One assessor for a term of three years,  
One member of the school committee for a term of three years,  
A treasurer and collector for one year,  
An auditor for a term of one year,  
One library trustee for a term of three years,  
A library treasurer for a term of one year,

One trustee of the Merriam Fund for the Silent Poor for a term of three years,  
 One park commissioner for a term of three years,  
 One cemetery commissioner for a term of three years,  
 One cemetery commissioner for a term of two years (to fill vacancy),  
 One member of the board of health for a term of three years,  
 Three measurers of lumber for one year,  
 One member of the board of commissioners of trust funds for a term of three years,  
 One member of the board of water commissioners for a term of three years,  
 Five members of the planning board,  
 A tree warden.

ARTICLE 2. To hear and act upon reports of town officers and committees.

ARTICLE 3. To determine whether the town will vote to transfer from the overlay reserve fund to the reserve fund of the town the sum of \$3,000. or such other sum as the town may deem proper in the premises.

ARTICLE 4. To determine whether the town will vote to authorize the selectmen to settle in full claims against the town by reason of land taken under Article 4 of the warrant for the annual Town Meeting held March 30, 1936.

ARTICLE 5. To determine whether the town will vote to amend Article VI of the By-laws of the town by the addition of the following new paragraph to Section 5.

"The Board, upon petition and after notice and hearing as above set out, by unanimous decision, may authorize a variance from the terms of this Article VI of the By-laws, where, owing to conditions especially affecting the premises involved, a literal enforcement of the provisions of this Article VI would involve substantial hardship to the peti-

tioner and where desirable relief may be granted without substantial detriment to the public good and without substantially derogating from the intent or purpose of this Article VI."

ARTICLE 6. To determine whether the town will authorize the acceptance in its behalf of conveyances without charge from the Weston Real Estate Trust and others of the title to existing water mains, pipes, hydrants and fittings, and of easements and other rights for the laying, maintenance and replacement of water mains, pipes, hydrants and fittings, and rights incidental thereto, in and over ways and lands owned by the Weston Real Estate Trust and other ways and lands in that vicinity; and to act anything relative thereto.

ARTICLE 7. To define in certain particulars the authority of the Water Commissioners and the Town Collector respecting various matters connected with extensions of the town's water system, including contracts for the payment to the town of the whole or portions of the cost of making such extensions; security for the performance of such contracts; the acceptance of conveyances to the town of rights in land and other property; and contracts for the laying of mains.

ARTICLE 8. To raise and appropriate by borrowing or otherwise, such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, or as may be required to defray the expenses of the town for the ensuing year; and especially to act upon all the appropriations asked for or proposed by the selectmen or by the town officers or committees in their reports; and to authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1938, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be

given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws.

And you are to serve this warrant by posting three attested copies thereof, according to the vote of the town, namely, at the Town House, at the Kendal Green Post Office, and on the town bulletin board at the junction of South Avenue and Park Road and Newton Street seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant with your doings thereon to the selectmen at the time and place of said meeting.

Given under our hands this fourth day of March in the year of our Lord one thousand nine hundred and thirty-eight.

HERBERT E. TYLER,

B. LORING YOUNG,

BRENTON H. DICKSON, JR.

*Selectmen of the Town of Weston.*

## REPORT OF THE SELECTMEN

---

The Selectmen submit the following report for the year ended December 31, 1937, and include herein the budget of appropriations recommended for the year 1938 as provided by Section 5 of Article II of the By-Laws.

At the annual town meeting held March 29, 1937, B. Loring Young was re-elected as a member of the Board for a term of three years. The Board organized immediately after the annual town meeting by the election of Mr. Tyler as Chairman and Mr. Young as Secretary.

During the year 1937 the Board held twenty meetings, ten special meetings as a Board of Appeals, two joint meetings with the Finance Committee and five public hearings as a Board of Survey. Members of the Board have also from time to time conferred with other town officers and have attended hearings at the offices of the County Commissioners of Middlesex County and at the State House in Boston.

The list of officers and committees elected or appointed during the year and also a list of licenses and permits granted by the Board are set forth in detail in the Town Records printed hereinafter in this volume.

### Town Finances

The Town of Weston has been fortunate in having a comparatively low tax rate for the last ten years. In only two years during this period has the tax rate been higher than \$22.50 per thousand. For the year ending 1937 the rate was \$22.00 per thousand. The Selectmen, after having studied the requests for appropriations made by the various town officers and committees and after having conferred with the members of the Finance Committee on this subject, find it necessary to inform the voters of the town that an increase in the tax rate for 1938 cannot be avoided.

The total appropriations recommended by the Selectmen amount to \$273,565. All the items included in this amount should be met from General Revenue and taxes and will, therefore, be reflected in the tax rate. The total appropriations for 1937 were \$258,345 which included an item of \$12,000 for extension of water mains to be raised not by taxes but by a bond issue. The actual appropriation figure reflected in the 1937 tax rate was \$246,345. The 1938 figure of \$273,565 represents an increase of \$27,220, which means substantially \$2.72 increase in the tax rate assuming that state and county taxes and other expenditures required by law remain at substantially the same figures as those of 1937.

The causes for the probable increase in expenditures are as follows: In 1933 all appropriations, including those for salaries and wages, were reduced by 10%. These pay reductions were restored in 1935 on a basis of 66  $\frac{2}{3}$ % as of April 1 of that year. The remaining 33  $\frac{1}{3}$ % was restored by vote of the town at the annual meeting in March 1937 as of April 1. All estimates for 1938, therefore, must include salaries and wages as 100% restored to the basis prevailing before the reduction in 1933.

The appropriation for Town Hall has been increased by \$500 to provide for necessary outside painting.

The Police Department will require an increase of \$2,000 to take care of the policy of comprehensive police protection adopted by vote of the town in 1937.

The appropriation for Moth Extermination has been increased from \$1500 to \$12,000. The gypsy moth was first released in Massachusetts about the year 1870. It became a deadly scourge to forest growth in the Middlesex Fells region and other parts of the State about twenty years later but was then checked by active work. Another period of great destruction began about 1907. Again active work by the Commonwealth and cities and towns aided by the Federal Government brought the gypsy moth under control. This work included creosoting egg clusters, clearing up infested areas, spraying, the propagation of parasites and

other natural enemies including the wilt disease. For a period of twenty years or so the damage done by the gypsy caterpillar in the Town of Weston was negligible but signs of renewed activity appeared in 1936. The exceptionally mild winter of 1936-37 apparently resulted in the survival of practically all the egg clusters, many of which are usually killed by the severe New England winter, and wide deforestation took place in 1937. The question is really a simple one. Shall we economize and let the gypsy caterpillar destroy the beauty of the town or shall we appropriate enough money to wage a successful campaign. Your Selectmen have conferred with state and federal authorities and with the officials of surrounding towns and we believe that the work cannot be satisfactorily done for less than \$12,000. We also are compelled to state that this additional expense involving more than \$1.00 on the tax rate may have to be borne for several years before the gypsy moth is again brought under control.

The other substantial increase in appropriations comes under the heading of Charities, or Public Welfare, as it is usually called. Here the total increase is \$10,000. The appropriations for public welfare have been subdivided to comply with the requirements of the new Social Security Act.

Under the heading "Taking and Improvement of Land for Recreational Purposes" is an item of \$2,825. This includes the sum of \$325 which is due to Mr. Harry L. Bailey for certain land taken by the town in 1936 and a further sum of \$2500 to be expended for improvements on the school property, including grading, filling and the creation of a skating pond. It is expected this will be done as a WPA project.

The appropriation for insurance shows a substantial increase due to the fact that most of the policies run for periods of three years and 1938 is the renewal year for the larger portion of them.

As stated above, the tax rate depends not merely upon town appropriations but upon state and county taxes and

other expenditures required by law. The amount due the County of Middlesex will be increased in 1938 by the sum of \$3,703.92, being the amount assessed upon the Town of Weston as its share of alterations and additions to the Middlesex County Tuberculosis Hospital.

Town debt maturing in 1937 amounted to \$34,000. The figure for 1938 will be \$37,000. It will readily be seen that in addition to the increases in town appropriations there are further increases in other expenditures required by law with the result that the town will be fortunate if the tax rate for 1938 does not exceed \$25.00 per thousand.

### Miscellaneous

The voters of the town at the last annual town meeting by an overwhelming vote adopted amendments to the zoning by-law. The Selectmen acting as a Board of Appeals have endeavored to remedy the individual injustices while at the same time rigidly enforcing the general purposes and application of zoning.

Article 6 of the Warrant has been inserted to enable the town to accept from the Weston Real Estate Trust the title to water mains in Meadowbrook Road and adjoining ways and property. These water mains and pipes were laid at private expense and now serve approximately seventy customers, including the Weston Golf Club. The Selectmen believe that sound business policy requires that ownership and control of these water mains should be vested in the town and should not remain in private hands. The fact that the present water main in Meadowbrook Road is only four inches in diameter and that this may have to be replaced with a larger pipe in the reasonably near future should not, we believe, affect the judgment of the town. No public funds could be spent on the replacement of the pipe without a vote of the town and no money could be borrowed for such purpose without a two-thirds vote. The Selectmen believe that the town should promptly accept the offer of the Weston Real Estate Trust to convey the water mains to the town and that the voters should realize that the owners

of the Weston Real Estate Trust have for a number of years been spending their own money for water extension and fire protection, which expense should logically have been borne by the town.

During the past year Mr. Melvin B. Sherman retired from his position as Janitor of the Town Hall, on account of ill health. Mr. Sherman had served the town for many years both at the old Town House across the Post Road from the Public Library and during the entire existence of our present Town Hall. His courtesy and friendly spirit endeared him to all our citizens and he will be greatly missed.

Last June Miss Mary R. Sheehan tendered her resignation as Clerk of Committees. To fill the vacancy the Selectmen promoted Miss Margaret E. Berry and appointed Miss Muriel R. Vittum as Assistant. The Selectmen entered upon the records of the Board the following vote:

“VOTED: To accept with deep and sincere regret the resignation of Mary R. Sheehan as Clerk of Committees of the Town of Weston. Appointed to this position in 1921 Miss Sheehan has served the Town continuously for sixteen years with fidelity, tact and common sense. Her careful attention to the details of the town government has been of great assistance to all town officers and committees. Her execution of the many duties entrusted to her charge has been carried out in such manner as to give complete satisfaction to the selectmen and the entire citizenship of the town. The selectmen are glad to place on record this expression of gratitude and respect.”

## REPORT OF W. P. A. AGENT

---

TO THE BOARD OF SELECTMEN:

GENTLEMEN:

W. P. A. has given employment to an average of seventeen men during the year 1937, representing an expenditure by the Federal Government of \$14,600 and \$5,000 by the Town of Weston.

From January to the middle of April the men were creosoting gypsy moth egg clusters, in the south part of the Town.

Starting in April a main drain was laid in Wellesley Street from Newton Street to a point opposite Mr. H. L. Bailey's land, from there into the brook in the school grounds. This makes an outlet for the catch basins in Wellesley Street, which up to this time have been leaching basins that overflowed in the spring.

A project has been started on the school grounds, clearing the land, grading and draining in preparation for development of the athletic field.

The survey project which worked through 1936 continued through 1937, taking cross-section on the roads and tying in the existing highway bounds to the control survey.

A project for a complete Assessors' survey has been approved and will start about the middle of January.

At the present time there are thirteen Weston men on the W. P. A.

At the annual town meeting \$2000. was voted to increase the Police Department by only one more man, but after considerable discussion and deliberation it was decided to add two men starting May 1st. This was done as one more man would not give much more protection than was then in effect because the one man could only be kept at the station to go out on call, but with two new men it was possible to revise the schedule of hours so that there would be a man out patrolling until 3 A. M. and also one at the station all night. Another reason for the two men was that it seemed to be the wish of the citizens by their unanimous vote to have more protection. If this is to be continued, it will be necessary to have an appropriation of not less than \$15,000. for the coming year.

It is also called to the attention of the townspeople that the telephone number of the Police Department has been changed to Wal. 4800. This telephone system was installed so that the officer on duty at the station can, if an emergency arises, transfer calls over the homes of the Chief and Officer Upham, thereby being able to leave the station and have calls which come in during his absence taken care of. This system is a little more expensive than the other, but should give greater efficiency in operating the department.

It is customary to turn in the police cruiser each year when a new car is purchased, but due to the fact that the emergency stretcher equipment had been installed in the old car it seemed advisable to keep this car in addition to the new one as it would be expensive to transfer the equipment.

From the number of arrests it can be seen that the department was quite busy. While several major crimes

were committed practically all were solved, the perpetrators punished and considerable property recovered by the work of alert and conscientious officers.

Respectfully submitted,

J. SUMNER VILES,

*Chief of Police.*

## REPORT OF THE SUPERINTENDENT OF STREETS

---

TO THE BOARD OF SELECTMEN:

*Dear Sirs:*

I herewith submit the annual report of the Highway Department for the year 1937.

During the past year the sum of \$34,990.46 has been spent for highway maintenance and sundry purposes.

The principal items as listed under the Auditor's report are as follows:

	1937	1936
Salaries and wages . . . . .	\$20,372.51	\$16,371.31
Broken stone, sand, and gravel . . . . .	3,190.46	3,845.28
Tarvia and road oil . . . . .	4,806.10	3,006.75
Gasoline and oil . . . . .	1,321.34	1,285.65
Pipe, lumber, cement, etc. . . . .	1,411.25	1,270.32
Fuel and electric power . . . . .	443.19	330.64
Small equipment and repairs . . . . .	2,178.55	1,433.28
Snow and ice . . . . .	219.16	4,618.26
All other . . . . .	1,047.90	1,430.48
	<hr/> \$34,990.46	<hr/> \$33,598.97

Due to the mild weather conditions of the winter of 1936-37 a very small sum was expended for the removal of snow and ice, therefore the money normally spent for this purpose was available for extra work. This fact, you will note, is reflected in the increased amount spent this year for labor and materials.

Problems of the department have been enumerated in past reports and need no repetition and only those items which seem most important are hereafter mentioned as completed or suggested as extra work for the coming year.

---

9.62 miles

The above distances were obtained by means of an automobile speedometer and are only approximately correct.

The stone culvert on Conant Road near the estate of Mr. Henry Viles was in very poor condition after the installation of the water main and was replaced with a reinforced concrete culvert having a capacity almost double that of the original culvert.

The W. P. A. project on Conant Road was finished by the Highway Department except for the top surface and is now open to travel with restrictions. This project will be completed in the spring or as soon as weather conditions permit.

On Wellesley Street, between the estates of Mr. Ralph Slayton and Mr. Homer Sweet, the narrow curve which has been a menace to traffic for many years has been widened. Even in its unfinished state the widening of this corner has been a wonderful improvement and the Town of Weston should feel very grateful to Mr. Slayton and Mr. Sweet whose gifts of the land made it possible.

The very sharp curve at the corner of Oak Street and

South Avenue has been eliminated. This widening has helped a great deal at this point but Oak Street south from this corner about 1000 feet should be widened as soon as possible. The increase in traffic over this road the past few years has made this widening almost a necessity.

During the year a considerable amount of drain pipe has been installed. The amounts and sizes are as follows :

300 feet of	8-inch pipe
462 feet of	10-inch pipe
60 feet of	12-inch pipe
189 feet of	18-inch pipe
42 feet of	24-inch pipe

Two catch basins and one manhole were also installed.

A considerable amount of repair work was done on North Avenue without aid from the County and State. Some of the worst places were excavated and refilled with proper material. This road is in very poor condition as a whole and some steps must be taken soon to resurface it if we are to escape excessive costs for maintenance in the future. This repair work can be done under Chapter 90 General Laws whenever the Town of Weston is willing to assume its share of the cost.

Several roads in the town will need special attention this year. We purposely left these roads alone last year because they were in such poor condition that surfacing them in the usual manner would have been impractical. We are planning to put these roads in good condition this year providing sufficient funds are available.

The culvert on Bogle Street near Winter Street should be replaced with one of greater width and carrying capacity and it is our intention to do this work this year but probably not until late in the season.

We are now working on the drainage system on Conant Road and Sunset Road started two years ago under Chapter 464 and we hope to have it completed by spring.

### Sidewalks

The following items of sidewalk construction were completed this year :

About 1000 feet on Merriam Street and 600 feet on the Boston Post Road in two different sections were surfaced for the first time.

Also about 1300 feet on North Avenue was resurfaced.

A large proportion of our sidewalks are in poor condition, therefore I am recommending an increase in the appropriation over last year of \$500.

### Snow and Ice

The sum of \$219.16 was spent for the removal of snow and ice. Snow removal costs for this winter from present indications will be about normal.

### Equipment

As provided for in the appropriation last year, a portable compressor and machine for sharpening our own drills was purchased last March. This machine has saved the town many dollars during the past season besides increasing the efficiency of the department.

It will be necessary to replace some of our equipment this year as well as to set up some that we already have. Therefore I am asking for an appropriation of \$2,200.

### Recommendations

For the coming year I am making the following recommendations :

	1938	1937
General Maintenance . . . . .	\$37,000.00	\$35,000.00
Sidewalks . . . . .	1,500.00	1,000.00
Machinery account . . . . .	2,200.00	4,000.00
	<hr/>	<hr/>
	\$40,700.00	\$40,000.00

You will please note that the total appropriation re-

quested this year exceeds that of last year's total by \$700. The sum of \$40,700. is the minimum which must be appropriated to carry out the work which has been planned for 1938.

I wish to express my appreciation to the employees of the department for their co-operation during the past year.

Respectfully submitted,

GILBERT M. UPHAM,

*Superintendent of Streets.*

The Inspector of Wires respectfully submits the following report for the year ending December 31, 1937:

Number of permits issued . . . . .	170
Fees collected . . . . .	\$85.00

All fees collected have been paid to the Town Treasurer.

Yours truly,

FRANKLIN C. MULOCK

*Inspector of Wires.*

## REPORT OF THE SUPERINTENDENT OF MOTH WORK

---

TO THE BOARD OF SELECTMEN :

*Gentlemen:*

It is with sincere regret that I am obliged to report as follows on the condition of the town regarding the gypsy moth situation.

Suddenly and with but little evidence to forecast trouble, the past two years have shown a tremendous increase in the infestation of this tree pest in Weston, and unless a very substantial appropriation of money is made the trees on many miles of our roadsides will be defoliated this summer. To go into past history a bit for the benefit of the present generation, in 1906 the town was faced with practically the same conditions as exist today. From that date and continuing through 1922, a period of seventeen years, the town spent \$127,461.81 or an average of about \$7500. a year in control work. From 1923 until last year, the moths were so well under control that the annual expense has averaged about \$300.

To embark again on a worthwhile control project will mean an appropriation of at least \$12,000 this year as we are without any modern equipment which should consist of one sprayer and hose at \$1250, a truck \$1000, and arsenate of lead about \$500. In addition, a force of six or seven young active men should be maintained to creosote egg clusters in the fall, winter, and early spring, then spraying, followed by cleaning up neglected roadsides that harbor many moths. These are the methods that have proved most effective in the past forty years of moth control in Massachusetts.

I should add that the State Department of Conservation

estimates Weston should appropriate \$14,000 this year, but personally I feel this amount is not necessary. However, your Board and the Finance Committee should give it very careful consideration.

Respectfully submitted,

EDWARD P. RIPLEY,  
*Superintendent Moth Work.*

## REPORT OF INSPECTOR OF ANIMALS

## REPORT OF THE TREE WARDEN

---

The Burgoyne Elm, located on the Boston Post Road near the entrance to Linwood Cemetery, was cared for in the manner recommended in last year's report. This tree will last for many years if a small amount of work is done on it each year.

Weston experienced the worst elm leaf beetle infestation in its history during 1937. As many trees were sprayed as possible with the funds at our disposal, but a second brood of beetles developed which almost completely defoliated a large proportion of our elm trees. It is rather unusual to have the second brood more serious than the first. This condition was probably caused for the most part by the dry weather prevailing between the hatching of the first and second brood, but without doubt the fact that many of our trees were not sprayed at all made the situation worse.

The elm trees which were so badly eaten last year are in a weakened condition and while I dislike to add to the burdens of the Town at this time, I really feel that we should appropriate a sufficient sum of money to properly spray them at least twice this coming season if it becomes necessary.

In addition to the spraying there is always a considerable amount of work to be done removing dead trees and limbs which are a menace to the public, therefore I recommend the appropriation of \$1200. for 1938.

Respectfully submitted,

GILBERT M. UPHAM,

*Tree Warden.*

In 1934 a ten circuit repeater was installed in the fire alarm system. This was the first step toward an improved fire alarm system. This year a new instrument and control board was installed. This installation included replacing the old wires with new flame resisting wire and the old

loom cable between the switchboards and the protector board was replaced with conduit and sufficient wires installed to take care of future growth. The cable from the protector cabinet to the wood pole in front of the Fire Station was replaced and a terminal box installed on the pole. A new ground wire was installed from the test switches on the switchboards to the protector cabinet and from the protector cabinet to the water pipe. This work completes the second step in the improved system.

One new fire alarm box was put in service at the corner of Wellesley Street and Newton Street.

Of the sixty-five brush fires last year, a number were started by burning papers and rubbish in incinerators. Outdoor incinerators are not to be depended upon. They should be watched and not used on windy days.

Last year we recommended a new ladder truck; this year we feel it is imperative that we have this truck. For this we recommend an appropriation of \$13,750.00.

For regular maintenance appropriation we recommend \$13,000.

## REPORT OF THE PARK COMMISSIONERS

---

The Park Commissioners submit the following report for the year 1937.

The care of the various parcels of park land varies little from year to year; but the expense is affected somewhat by the weather, and last summer the greater rainfall increased the cost of mowing over that of the last few years. However, we kept within our income from the H. S. Sears Town Common Fund and within our appropriation for the other lots of park property.

We recommend an appropriation of \$100.

## REPORT OF THE BOARD OF PUBLIC WELFARE

---

The Board of Public Welfare submits the following report for the year ending December 31st, 1937.

At the annual town election in March, Margaret B. Warren was re-elected a member of the Board of Public Welfare for a period of three years. On April 5th the Board organized with Mr. Slayton as chairman and agent. Mrs. Warren and Mr. Webster continued as visitors.

Our gross expenditures in 1937 were \$13,000, an increase of \$3,000 over the year 1936. The recommended appropriations, appearing below, are estimated from the case load at the time this report is being written (Feb. 12th, 1938), allowing for a slight increase in Old Age Assistance for the

balance of the year and a normal increase in the matter of medical care under Dependent Aid. In spite of the increase, which reflects the present tendencies almost everywhere in the United States, we are still well below all of the forty towns in the State, nearest to Weston in population. A number of these towns are very similar to Weston generally, being typically residential and without manufacturing. An analysis of the 1937 expenditures, receipts and case load is given on the next page. Further details may be had by consulting the Auditor's report.

## REPORT OF THE SCHOOL COMMITTEE

---

Weston, Feb. 1, 1938.

The School Committee respectfully submits the following report for the school year ending December 31, 1937.

Ten regular meetings and two special meetings were held during the year.

At the regular meeting held on January 18, 1937, the resignation of Miss Mildred Phillips was presented and accepted.

At a special meeting held on January 23, 1937, Miss Vera Wakefield was elected as a teacher, to fill the vacancy caused by Miss Phillips' resignation.

At the regular meeting held on March 12, 1937, the election of Miss Marjorie C. Brennan as a teacher was confirmed, effective as of February 15, 1937.

At the annual Town Meeting, held on March 29, 1937, Mrs. Alice C. Bailey was reelected for a term of three years.

The Committee organized at its regular meeting, held on May 10, 1937, by electing Mr. Raymond W. Coburn as Chairman, and Mr. David A. Perry as Secretary. At this meeting the following appointments were made:—

- Mr. Carl T. Rhoades, Superintendent of Schools and Principal of the High School.
- Mr. Allan Cameron, Custodian of Buildings and Grounds.
- Mr. Charles L. E. Bolton, Asst. Custodian of Buildings and Grounds.

Also at the regular meeting held on May 10th, 1937, the following teachers were appointed:—

- |                           |                         |
|---------------------------|-------------------------|
| Miss Constance E. Burrage | Mrs. Virginia Morrissey |
| Miss Helen B. Green       | Mrs. Hilda F. Applin    |
| Miss Emma F. Ripley       | Miss Ella Brothie       |
| Mrs. Elizabeth R. Wheeler | Miss Mildred L. Marble  |
| Miss Vera Wakefield       | Mrs. Vida C. Strahan    |

Miss Emily F. Adams  
 Miss Hazel M. Staples  
 Miss Elizabeth P. Cobb  
 Mrs. Helen G. Hill  
 Mrs. Georgiana Eldred  
 Miss Helen A. Higgins  
 Mrs. Dorothy B. Frye

Miss Lucy Dodson  
 Miss Lena Carter  
 Miss Mary Allen  
 Miss Marjorie Brennan  
 Miss Eugenia Horton  
 Miss Bertha McKinney

In addition to the above, the following special teachers were appointed:—

Mr. Wallace W. Sawyer, Sub-master of the High School.  
 Mr. Howard P. Whitney, Instructor of English.  
 Mr. Phillip E. Perry, Manual Training.  
 Mr. William H. Taunton, Music.  
 Mr. John S. Proctor, Coach & Director of Physical Education.  
 Miss Marjorie D. Morse, Jr., Teacher of Physical Education.  
 Mrs. Gudrun G. Payne, Teacher of Art.

Also at this meeting the following appointments were made:—

Dr. Fresnius Van Nuys, School Physician.  
 Dr. Faith L. Meserve, Asst. School Physician.  
 Miss Virginia L. M. Robinson, School Nurse.

At the regular meeting held on June 3, 1937, the resignation of Miss Emily Adams was presented and accepted. Miss Adams' connection with the Weston Schools has extended over a period of more than thirty-seven years, and during recent years she has taught many pupils who were the children of her former pupils. The Committee feels that few, if any teachers have made as many sincere friends among pupils, parents and townspeople, and extends its best wishes for her future health and happiness.

In connection with the retirement of Miss Adams from the teaching staff of the schools, the Committee passed the following vote:

“To accept with regret the resignation of Miss Emily F. Adams, and to instruct the Secretary to write a letter of acknowledgment and to incorporate this letter in the records of the School Committee.”

Acting in accordance with this vote, the following letter was sent to Miss Adams:—

“Dear Miss Adams,—

“At a meeting of the School Committee of the Town of Weston, on June 3, 1937, the following vote was passed:

“To accept with regret the resignation of Emily F. Adams and to instruct the Secretary to write a letter of acknowledgement and to incorporate this letter in the records of the School Committee.”

We know that the severance of your connection with the teaching staff is and will be a tremendous loss. Your great understanding of human nature and your ability to build character in the children who have come under your tutelage have been a great influence and have been responsible for a great part of the fine reputation that the Weston Schools have enjoyed. Two members of the present School Committee knew you intimately as pupils in the Weston schools, and feel capable of expressing to you the above sentiment which they know is shared by all who have been fortunate enough to have been under your supervision.

“Our disappointment about your resignation is tempered by the statement in your letter that you desired to live a quiet life. On behalf of the people of the Town of Weston, we wish you a very long, enjoyable, and restful period of retirement.

Very truly yours,

ALICE C. BAILEY

DAVID A. PERRY

RAYMOND W. COBURN

School Committee of the Town of Weston.”

At a meeting held on June 22, 1937, Mrs. Virginia Morrissey was appointed Principal of the Primary School Building. Also at this meeting Miss Rhoda LeFavour was appointed to a position as teacher in the schools.

At the meeting held on September 14, 1937, arrangements were made to have Miss Virginia Robinson take the

School Census, as of October 1, 1937, which is submitted herewith:—

SCHOOL CENSUS, OCTOBER 1, 1937

At a meeting held on October 13, 1937, the resignation of Mrs. Elizabeth H. Wheeler was presented and accepted, and Miss Rachel L. Speare was appointed to fill the vacancy.

At the regular meeting held on November 18, 1937, the resignation of Mrs. Hilda Applin was presented and accepted, and Miss Edna L. Johnson was appointed to fill the vacancy.

For the school year ending June 30, 1937, the average daily attendance was 568. The schools were in session 180 days.

The Committee has continued its policy of applying the income from the fund left to the Town by the late Horace S. Sears, for the benefit of the teachers, against the rental of the "Teachers Lodge," and extends its thanks to Mr. Harry L. Bailey for continuing to make its use possible for this purpose.

The Weston Chapter of the American Red Cross and the Board of Health have continued to cooperate with the schools in connection with the services rendered by Miss Virginia Robinson as School and District Nurse. The Committee appreciates this cooperation and feels that much benefit is derived from this arrangement.

### **School Buildings**

Improvements in the school buildings during the past year, have consisted of painting the wooden trimmings on the New High School Building and painting the Nurse's quarters. This work was supervised by Mr. Harold Willis, without any expense to the Town. The Committee wishes to express its appreciation to Mr. Willis for his generous act and his interest in the schools.

The Committee has continued its policy of permitting the use of the gymnasium out of school hours, in such manner as will result in its use by the residents of the Town. A small charge is made to care for the cost of lighting, etc. This has resulted in quite an extensive use of the gymnasium, and the Committee feel that it has given much pleasure and benefit to the townspeople. At the present time it is being used three nights a week by the Badminton Club; one night a week by the Boy Scouts; and on Saturday mornings by the Cub Scouts.

The Committee is also permitting the Girl Scouts to use the Assembly Hall several afternoons each week, and one troop of Girl Scouts is using the North School one afternoon a week.

### **Playgrounds**

The Committee regrets to report that they were unable to prepare an area for skating and ice hockey during the past year. This was due primarily to the fact that no W. P. A. labor was available in the Town for this work until after December 31, 1937. However, we can report progress, as preliminary investigations were made on the ground, of the soil conditions and the flowage of water, and plans were prepared for flooding a substantial area, a part of which was started with Town forces. Since the first of the year, W. P. A. labor has become available, and men are now working on this project. The Committee hopes to have the project enlarged and extended so that it will not only

complete the skating pond, but will provide for the development of some of the undeveloped areas shown on the plan published with their report in 1935. With this in mind, we are recommending an appropriation of \$2500.00 for the coming year, in order to meet the W. P. A. requirements that the Town furnish the necessary materials, tools and equipment.

### Work in the Schools

Details of the work that is being done in the schools will be found in the reports of the Superintendent of Schools and the Special Teachers which follow.

Respectfully submitted,

## SUPERINTENDENT'S REPORT

TO THE WESTON SCHOOL COMMITTEE:

This is my ninth annual report as Superintendent of the Weston Schools. Reports from different departments and special teachers are appended.

### EDUCATION AND SOCIETY

Society regards formally organized education as a means of transmitting and perpetuating existing culture and forms of government. Thus the role of education in all societies is fundamentally conservative, for no society will purposely provide the means of its own destruction. If we could foresee what society of the future is to be we would try to plan education to better adapt our children for it. Not having the gift of foresight we can only strive to improve society as now constituted.

"The American people still believe in democracy and are not yet ready to take any substitute." Among the elements of democracy are a broad humanitarianism, and a belief in measures of discussion, debate, persuasion, compromise, balloting, and acceptance of decisions so reached. We must accept the democratic ideal and educate our children to give that ideal fulfillment in so far as possible. To accomplish this purpose students must learn of the wide range of circumstances and conditions under which men live, must learn to respect honest differences of opinion on social situations, must learn to think for themselves and reject mere propaganda, must acquire loyalty to American democratic ideals and traditions and obtain as far as possible an understanding of the social structure and social process. This is not an easy task when the experts—the economists, political scientists and sociologists—disagree as much as they do in their interpretation of social phenomena.

We are striving to attain the above objectives in the Weston schools and I believe we attain a reasonable degree of success. High School courses in Economics and Problems of Democracy might further aid in attaining these objectives, but would mean increased costs through smaller classes and more teachers. (I do not recommend the addition of such courses at present.) Such objectives are not attained through social studies only, but through the work of the whole school, all of its activities and the method in which it is conducted.

### THE TEACHING STAFF

The foundation of any school system is its teaching staff, and the success of our schools is due to the high quality of our teachers. While some of our teachers have been teaching here for a long time, there are changes every year; ten new teachers having been secured during the last two years. While there are always many candidates for any position it seems to be more difficult than formerly to secure capable teachers of the type that we require. Twice during the past year

teachers whom I was considering for Weston positions went to other Boston suburbs with higher salary schedules. I do not recommend any increase at this time, in the maximum salaries paid but believe we should establish a definite schedule of salary increments which would be automatic.

During the past year four teachers have resigned to leave the teaching profession.

Miss Phillips who had taught here only two years had obtained the pupils' affections to a degree that is rarely attained in so short a time. Her knowledge of the French language and the French people and her personal interest in each child made her work especially effective.

Miss Adams, who taught here for 34 years, had taught the fathers and mothers of many of her pupils of the past few years. Many of these parents have expressed to me their pleasure that their children could be with Miss Adams. After so many years of teaching first grade children she was still able to get down to their level and be interested and enthusiastic about the things that they were interested in.

Mrs. Wheeler had taught here for the past nine years. She was very popular with pupils and teachers and efficient in her teaching. She was fond of all her pupils, even the most troublesome. A fine sense of humor helped to make her excellent in discipline and a strong teacher.

Mrs. Applin has taught in Weston for the past seven years. She was not only an excellent class room teacher but as pianist for both Junior and Senior High Schools rendered special and unusual service. She was very generous in giving extra time to school activities. She loved and understood children and always had the interest of the whole school at heart.

### SCHOOL GROWTH

While the school membership grew rather steadily for a number of years, it is no greater this year than last and it does not appear that it will be any greater next year. However the enrollment of the first six grades will apparently be larger, while that of the upper six will be smaller. This will fill our elementary rooms to capacity, and an unexpected increase in numbers would make the situation acute. Should we have even a small increase in total enrollment, but concentrated in one or two grades only, instead of being uniformly distributed, one or possibly two more teachers would be required. I recommend that steps be taken in the immediate future to provide for alterations or additions to present buildings.

### COLLEGE ENTRANCE

Twelve members from the graduating class of 1936, and eleven from the class of 1937 are now attending standard degree granting colleges and universities, while twenty more from the two classes have entered Junior Colleges, business colleges, and other schools above the high

school grade. The colleges Weston High School pupils are now attending include Bates, Boston College, Boston University, Dartmouth, Emerson, Framingham Teacher's College, Harvard, Massachusetts School of Art, Massachusetts Institute of Technology, Mount Holyoke, Middlebury, New England Conservatory of Music, Northeastern, Oberlin, Portia, Radcliffe, Simmons, University of New Hampshire, University of Hawaii, Williams and Wellesley.

#### SCHOLARSHIPS AND PRIZES

The Charles J. Paine scholarship was awarded to Thomas E. Batey, Jr., freshman at Massachusetts Institute of Technology.

The Horace S. Sears Scholarship money was awarded in eight portions to:

EARLE MACLEOD at Massachusetts Institute of Technology.

RICHARD HENDERSON at Massachusetts Institute of Technology.

DOUGLAS HENDERSON at Boston University.

RICHARD SIBLEY at University of Hawaii.

ROBERT AKERS at Bates.

GUY AKERS at Northeastern.

CLARENCE MOSHER at New England Conservatory of Music.

EUGENE POUTAS at Harvard.

The Women's Community League awarded two scholarships of \$200 each this year; one to Katherine Macdonald at Simmons College, and one to Laura Van Huysen at Radcliffe.

The Washington and Franklin medal for excellence in the study of United States history was awarded by the Massachusetts Society of the Sons of the American Revolution to William Tallman.

The prize of \$5.00 awarded by the Weston Post of the American Legion for the best examination on the U. S. Constitution was won by Katherine Macdonald.

Prizes from the Horace S. Sears Fund were awarded as follows:

1. For essays on "Interdependence of Capital and Labor."

First, MARY CUTTING

Second, ELEANOR CRONIN

Thirds, KATHERINE MACDONALD

JOHN MACDONALD

JOY CLARK

2. Prizes to seniors for Good School Citizenship:

Girl: ELEANOR CRONIN

Boy: ROBERT MONACO

I am submitting with this report the statistics of the school census of last October, the attendance statistics for the school year 1936-1937,

the programs of the School Play, the Operetta, and the Graduation Exercises of the Class of 1937.

Once more I wish to thank the School Committee, parents, and teachers for the co-operation and support received.

Sincerely yours,

CARL T. RHOADES.

## REPORT OF THE SUPERVISOR OF MUSIC

TO THE SCHOOL COMMITTEE, WESTON, MASS.:

I feel that music throughout our Weston Schools is advancing steadily each year. Progress is shown by the participation of the different Grades, the Junior High School, and the High School in events at the High School and the Town House.

In February, the orchestra played during the performance of the school play. In April, the High School Glee Club and Orchestra gave Gilbert and Sullivan's "Mikado". This operetta was performed so excellently that it could be compared most favorably with similar presentations in much larger schools. The unflagging interest and careful work of the teachers assisting, and the earnest efforts of the pupils participating made it an outstanding show.

On May 30th at the Town House a selected chorus of thirty voices from the Junior High School pleased the audience with its rendering of songs of 1917 and 1861.

The Kindergarten gave a Little Musical and, with the Rhythm Band, entertained the parents in the Assembly Hall in May.

Also, the Sixth Grade and the Junior High School gave two Cantatas,—firstly, **George Washington**, and, secondly, the **Headless Horseman**.

In addition to the regular singing, there are four classes in piano and one in violin. The High School has additional classes in Harmony and Theory.

We have not as yet achieved time for classes in Music Appreciation. In fact, our time for the study of different branches of Music is very limited. Any child who so wishes should have an opportunity to study some musical instrument in classes. Our Orchestra is progressing steadily.

I wish to thank again the Superintendent of School and the teachers for their kind co-operation.

As our pupils graduate and advance in life, they find that music is a fine interest and a pleasurable recreation.

WILLIAM H. TAUNTON,  
*Supervisor of Music.*

## REPORT OF THE ART TEACHER

TO THE SCHOOL COMMITTEE:

Each year the art department introduces new phases but basically the underlying plans are the same. The first principles of art in the elementary grades such as the beginnings of free hand drawing, makes art a language which enables the child to bring forth his own

ideas. This is very important to the small child as the drawing class is usually a period of great joy and anticipation, and due to this attitude a great deal can be accomplished by the room teacher and the art teacher. From the various holidays, construction work makes use of different kinds of material and develops skill and accuracy in planning and working out simple problems. Correlation with other studies is a source of satisfaction to both pupil and teacher and should implant a clearer idea of the subject in the child's mind.

During high school, students advance in their work; they gain knowledge and confidence; they are free to express their own ideas and plans. The students in Weston are limited in the time they can devote to drawing. I feel that for some of these people the joy and contentment of trying different art medias, finding which they prefer, and producing drawings they can be proud of under guidance, is time spent that will never be forgotten and will probably lead to heretofore unknown talents to be developed in hobbies if not a life's vocation. I sincerely hope that more students will be able to avail themselves of this opportunity.

Again I would like to thank the teachers for their co-operation and helpfulness.

GUDRUN G. PAYNE.

#### REPORT OF THE INSTRUCTOR OF MANUAL TRAINING

Last spring a number of the High School boys and myself were privileged to join many others on a tour of inspection of a large locomotive works in New York state.

None of us, I am sure, will ever forget the wonder of that day nor the beautiful examples of machine and hand work in producing those magnificent engines.

I am not going to describe the details of our tour except from one angle which impressed us all.

Everywhere on the walls, painted on machines and tacked on doors were signs reminding the workman of the slogan "Safety First"

One large sign in the erecting shop was most prominently displayed and read as follows:—

God gave you two arms, two legs and two eyes.  
THERE ARE NO SPARE PARTS

Another grim reminder of the ever-present danger of accident among so many thousands of workmen was an emergency hospital fully

equipped with operating room and many cots, with an efficient staff of doctors and nurses.

All of which leads up to a statement most gratifying to make: that in all the years we have had high speed machines in the manual training room we have not had a single case of injury to any pupil beyond some very minor cut from careless handling of hand tools.

This good record has not been achieved without many serious talks and severe restrictions, but both have borne fruit because of the fine co-operation of the boys. We are proud of this record and all are anxious to keep it unbroken.

One feature of the trip through the works was the exhibit of the shop blue-prints which emphasized to the members of the Mechanical Drawing class the necessity of careful planning on the drawing board to bring about the splendid results in concrete form before them.

I only wish all the members of both courses might have been with us.

PHILIP E. PERRY,

*Instructor of Manual Training.*

## REPORT OF THE DEPARTMENT OF PHYSICAL EDUCATION GIRLS

TO THE SCHOOL COMMITTEE:

Our most popular venture of the season was the opening of the Badminton courts to the students, one or more afternoons a week. A "Singles" and "Doubles" ladder tournament proved an interesting incentive. Instruction for beginners was available. With the co-operation of the Weston Badminton Club several of the members volunteered their services on one afternoon a week, at which they gave valuable hints and coaching to the players. They also produced a most successful Badminton Exhibition.

The fall Field Hockey season included six outside games, of which we lost one, tied one and won four. The new playing field was very much appreciated and the outside teams that played on it were enthusiastic in their praises.

Respectfully submitted,

MARJORIE D. MORSE, JR.,

*Director of Physical Education.*

## PHYSICAL EDUCATION AND ATHLETICS — BOYS

TO THE SCHOOL COMMITTEE:

Boys' athletics in our high school for the year of 1937 were very successful. Our baseball and basketball teams won over 75% of their

games and for the second successive year the football team was undefeated.

Intra-mural and inter-class games were more enthusiastically contested than usual, as they were based on the handicap point system, thereby permitting the freshman class to participate on an equal footing with the upper classmen. Regardless of the severe handicap, the senior class won the interclass competition.

Clement Monaco won the boys' tennis tournament and Sanford Palmer was awarded the Charles Wark Athletic Trophy for the most outstanding athlete.

Posture classes are slightly smaller than in the past, the majority of cases coming in the seventh and eighth years. This, however, is normal, as we find considerable change going on in the physical structure at that age. Another important fact is that a large majority of the boys coming to our schools for the first time are required to take posture work. Checking back on these cases I have found that for the most part, they have had either very little or no physical education in the past. This substantiates my opinion that good posture is dependent upon good muscle tone and is developed mainly through all around exercise and a certain amount of concentrated effort on the part of the individual, parent and classroom teacher.

I have been conducting tests to motivate speed, strength and skill and should like to continue further by actually measuring each individual at least twice a year to determine his physical fitness. This will require a certain amount of mechanical apparatus, namely, a hand dynamometer, back and leg dynamometer, spirometer and parallel bar. The initial cost would be small when compared with the ultimate results.

I should like to suggest again that we purchase portable bleachers for our athletic field.

Respectfully submitted,

JOHN S. PROCTOR.

### LUNCH ROOM REPORT

TO THE SCHOOL COMMITTEE:

The aim of the lunch room is to serve a hot noon meal at reasonable prices. To cover the prevailing high food costs we have slightly decreased the amounts of food served and kept our prices the same.

About 500 students use the lunch room every day. Half of this number buy their entire lunch and the other supplement lunches brought from home with soup, milk, fruit or a dessert. We also sold milk and ice cream to the grade pupils who eat their lunches in their

own buildings, and milk and crackers to the Kindergarten for their mid-morning lunch.

## REPORT OF THE SCHOOL NURSE

### TO THE CHAIRMAN OF THE SCHOOL COMMITTEE:

The work has been carried on very much as usual during the past year. The annual physical, dental and eye examinations have been completed.

As a result of the eye tests, 26 students showed signs of defective vision. Fourteen of these had not previously worn glasses. To date, there have been 17 corrections reported.

There were 607 students who were given dental examinations, and 444 showed some signs of defects. Their parents were notified accordingly. One hundred and sixty-three students showed no sign of dental defects on examination.

We have been fortunate in being able to have the 4b audiometer for the purpose of testing the hearing of all students down to, and including, the third grade. This machine is operated under the supervision of the Boston Guild for Hard of Hearing, and it is a great improvement over the old type of hearing tests. These tests have

been completed. Twenty-one students have shown questionable results, but they will be given a final test before their parents are notified.

During the past year 20 students have had operations for the removal of tonsils and adenoids.

There has been a change in the routine for the tuberculosis clinic this fall. Formerly the Von Pirquet Test was offered to the 7th, 9th and 11th grades each year. This year the Mantoux Test was offered to the entire High School. Following the new routine, each student will be offered the Mantoux Test once during his or her high school period. Observation cases will be x-rayed, and will receive physical examinations each year. This year 90 students were given the Mantoux Test. Twenty-four showed a positive reaction. Twenty-three were x-rayed, as well as 18 who had previously received the test and showed a positive reaction. This made a total of 41 students who were x-rayed. We received negative reports on 33 of these pupils. The remaining 8 were given physical examinations. Two were discharged from the school clinic, and the remaining 6 were placed under observation.

The clinics for the immunization against diphtheria were held during May this year. It seems advantageous to have these clinics in the spring in preference to the fall, due to the fact that there are so many activities planned for the first two months of school. The total enrollment at these clinics was 162.

This year a course for Home Hygiene and Care of the Sick was started in the High School. There were 13 students who took the course, and all received Red Cross Certificates.

Respectfully submitted,

VIRGINIA L. M. ROBINSON.

## REPORT OF THE SCHOOL PHYSICIAN

TO THE CHAIRMAN OF THE SCHOOL COMMITTEE:

An inspection was made every Monday morning of the throats of all pupils, as in previous years. The routine physical examinations were completed in the fall, as were Schick tests and the administration of toxoid and toxin-antitoxin. The Middlesex County Sanatorium gave the tuberculin tests, with examinations and Roentgenograms of all pupils whose tests had proven positive. The results thereof may be found in the Board of Health report.

## REPORT OF THE SWIMMING POOL COMMITTEE

---

The Swimming Pool Committee for the year 1937 submits the following report:

Opening June 29, the town pool was in use until September 7, making a season of ten weeks and two days.

The instruction was as usual, with the customary Red Cross tests marking the progress of those who cared to improve their skill in the water. The instructor for the season was Mr. Robert Hopkins.

As usual the little pool was over-crowded whenever the weather became quite warm. On such days the purpose of the pool is defeated, and it is obviously too small.

In the last six years, "depression years," the yearly expenses of the pool have averaged \$1000. For the ten years previous to this depression period the average yearly appropriation was \$1600. The attendance has increased in these last years, and more scientific care has been taken of the water; yet the pool has been operated at an expense considerably less than what was formerly considered normal. Such close economy has resulted in shabbiness in the building and equipment. Another year of economy is still possible, however, and we ask for an appropriation of \$1000 for the season of 1938.

Mr. Hopkins' report follows.

TO THE SWIMMING POOL COMMITTEE,  
TOWN OF WESTON

The pool was open this year for ten weeks and two days, and proved to be a favorite spot for many of the young

citizens of the town. With a few necessary repairs made upon the buildings the pool will be ready for another full year.

In the last few years since the children have had the chance to pass Red Cross tests, there have been a great number who have done so. At the end of this summer nearly every boy or girl who attended the pool had passed at least one test.

The following have passed Red Cross tests this year:

During the year 1937 the Commissioners sustained a great loss through the death of Mr. Philip R. Spaulding October first. He was elected in 1933 and had served as Chairman of the Board since that time. Mr. Spaulding consistently kept in mind the interests of the Town of Weston, as well as those of the individual lot owners. His advice and criticism will be greatly missed.

The Commissioners regret to record the death of John Cameron January 4, 1937, a loyal and valued employee of the Cemetery Commission for 35 years.

Charles Mead was appointed Cemetery Commissioner November fifth.

Prior to Mr. Spaulding's death the Commission established a new schedule of lot prices, taking into consideration the value of land, cost of preparation, the existing cost of maintenance and income from invested funds. The growth

of the Cemetery on the basis of the older values would result in an ever-increasing burden on the Town. The new values of lots equal the average of similar lots in Cemeteries of Towns in this region.

A gift of \$5,000 was received from Miss Josephine Merriam of Minneapolis for the purpose of erecting a wrought metal and stone gateway to the old Central Cemetery on the Boston Post Road, the erection of which has been completed.

The Commission request an appropriation of \$6,700 for 1938.

## REPORT OF THE SUPERVISOR OF HEALTH

---

### TO THE WESTON BOARD OF HEALTH:

*Gentlemen:*—I herewith submit my report as Supervisor of Health acting under the direction of the Board of Health, for 1937.

### General

Twelve regular meetings of the Board of Health were held during the year. No matters of unusual importance required the attention of the Board.

An arrangement was made with the Cambridge Water Department whereby joint approval of house drainage in certain areas proximate to the Cambridge Water Shed would receive joint inspection and approval by the Cambridge Water Board and the Weston Board of Health.

No changes have been made in appointments during the current year.

### Diseases Dangerous to the Public Health

The number of cases of reportable diseases was the lowest for the past ten years with one exception, there being one hundred and twelve cases.

Chicken pox was the only disease that occurred in epidemic prevalence during the year. There were no cases of diphtheria, German measles, septic sore throat or typhoid, and only two cases of scarlet fever and tuberculosis, respectively. One rabid dog, a stray from out of town, attacked three Weston dogs, but there were no known human contacts from this case. There was one instance of a face bite in a child which required anti-rabic treatment. A clinic for the immunization of dogs against rabies was held on May 27, at which one hundred thirty-seven animals were inoculated.

## Diphtheria

One half of the children immunized against diphtheria are of pre-school age, and in order that they may enter school already immunized, the diphtheria immunization clinics were arranged for the Spring instead of the Fall this year. Twenty-eight children were immunized, one half of them being under the age of six years. In addition, twenty-eight children given the prophylactic inoculations in 1936, and two children not previously immunized, were given the Schick Test. For the fourth consecutive year, no cases of diphtheria have occurred in the Town. If a large majority of children continue to be immunized, either by private physicians, as is most desirable, or in the school clinics, this record should be continued indefinitely.

## Tuberculosis

Two new cases of tuberculosis, and one death were reported during the year. The death occurred in a patient hospitalized in New York.

The school tuberculosis clinics held in co-operation with the Middlesex County Sanatorium, were held in the Fall, and 63.7% of the child population in the grades in which testing is recommended, were given the tuberculin test. No active cases of tuberculosis were discovered in this group. The table below gives the detail of the results of this clinic.

## Laboratory

The laboratory work includes the examination of speci-

mens to aid in the diagnosis of disease, sanitary and chemical analysis of milk, and bacteriological tests of water.

The table below gives a summary of the results:

#### Milk

The quality and composition of the milk delivered in Weston is very satisfactory. Table III on another page shows the median count in only one instance to exceed ten thousand bacteria per cubic centimeter, while in six instances the median count was below one thousand. Only five out of two hundred and eighty-five specimens of milk tested for sediment had any perceptible sediment, and no samples were unsatisfactory in this respect. All the milks tested well above the legal requirements in their butter fat and solid content.

In November 1936, a regulation requiring the pasteurization of all milk excepting certified milk sold in the Town of Weston became effective.

Pasteurization of milk has received the unqualified endorsement of practically all pediatricians and other phy-

sicians, as well as public health officials. It is a scientific practice which renders milk free from all infectious agents, but which in no way impairs its nutritive properties, flavor, or commercial value. Earlier apprehension that heating the milk at the relatively low temperature used (143° F) might impair the vitamin content of the milk, or other subtle nutritive properties has been wholly dispelled by experimental work, and the extensive practical experience that we now have. Tuberculosis of cow origin, which used to cause fatal tubercular meningitis, has practically disappeared, as have the distressing and often fatal diarrheas occurring in infants. Other milk-borne diseases such as septic sore throat, scarlet fever, typhoid fever, and undulant fever, are never spread by properly pasteurized milk because the bacteria causing them are destroyed by the temperature used in pasteurization. Pasteurization has conferred one of the greatest benefits of modern sanitary science.

### Complaints

Fewer complaints than usual were registered with the Board of Health. All that were made were investigated and satisfactory action obtained.

It is our opinion that the Selectmen, or some other appropriate Board of the Town should, in the near future, consider the establishment of a public dump, which should be so located as to cause no offense to a residential neighborhood. Provision should be made for supervision to see that dumping is properly done; that only permissible material is deposited on the dump, and to keep the premises in good condition.

### Births

Fifty-two births, including two that occurred in 1936, but were reported in 1937, and one stillbirth were reported during the year. This is an increase of twenty-one over the

previous year and gives a birth rate of 12.8 as compared with 7.3 for 1936.

### Deaths

There was a total of nineteen deaths in 1937, as compared with thirty-one in 1936, giving the extremely low death rate of 4.7.

An examination of the tables shows the striking fact that only one death occurred in a person under forty years of age, and only five deaths occurred under the age of sixty. There were only two deaths due to infectious causes, namely, one from tuberculosis, and one from lobar pneumonia.

Respectfully submitted

C. M. HILLIARD, *Supervisor.*

## REPORT OF THE INSPECTOR OF PLUMBING

---

January 20, 1938.

BOARD OF HEALTH,  
WESTON, MASS.

*Gentlemen:*

I herewith respectfully submit to you for your approval, my report as Plumbing Inspector for the year of 1937.

There were 64 permits issued for Plumbing work. These included new and old buildings and alteration work. Of these 44 were for new buildings and 20 were for alterations and old buildings.

The sum of \$130.00 was received for permits and the money paid to the Town Treasurer.

Respectfully submitted,

ABEL J. COLPITTS,

*Plumbing Inspector.*

## REPORT OF THE WESTON HISTORICAL COMMITTEE

---

TO THE BOARD OF SELECTMEN:

GENTLEMEN:

The Weston Historical Committee respectfully submits the following report for the year 1937.

The money appropriated by the town has been expended in putting in order the main part of the old Isaac Fiske law office at the corner of the Post Road and Linwood Avenue, where the Committee will now have its headquarters. This will be an excellent place to keep and exhibit our small but increasing collection of interesting historical relics.

As soon as the weather permits we hope to put our collections in the building.

Again we wish to say that we will welcome any appropriate contributions of pictures, old documents, or any articles of historic interest connected with the history of the town.

Repairs on building: \$425.40.

GERTRUDE FISKE,

ALICE E. JONES,

EDWARD P. RIPLEY,

*Historical Committee.*

## REPORT OF THE BOARD OF WATER COMMISSIONERS

---

We have continued an extensive exploration, within the limits of the Town, for an additional water supply but regret that satisfactory results have not as yet been obtained. Mr. Charles W. Sherman, senior member of the engineering firm of Metcalf and Eddy, and Prof. Irving B. Crosby, Geologist, were employed to assist us in this work and a joint report has been submitted by them containing certain recommendations including the drilling of several test wells in various locations. Unfortunately, owing to the lack of funds, these have not been made and the matter has been postponed until money is available for the purpose. Since this investigation is obviously of vital importance to the Town, we trust it may soon proceed without further delay.

Resulting from the application of several property owners, a number of short extensions have been made in the distribution systems, as follows:

1250 feet 8" main in Aberdeen Road sponsored by William E. Toohy.

200 feet 8" main in Aberdeen Road sponsored by Manley Jones.

650 feet 6" main in Montvale Road sponsored by Country Homes, Inc.

300 feet 6" main in Legion Road sponsored by Bernard McCusker.

Respectfully submitted,

## REPORT OF THE PLANNING BOARD

---

TO THE BOARD OF SELECTMEN :

GENTLEMEN :

On the basis of the report made by the Special Committee appointed in 1936 and of the discussion at the public hearing on February 15, 1937, the Planning Board submitted recommendations relative to the proposed changes in the Town's zoning by-laws. The amendments recommended were approved at the Annual Town Meeting of March 29, 1937.

At the first meeting of the Board after the Town Meeting, Mr. Arthur L. Coburn, Jr. was elected chairman, and Mrs. FitzGerald was re-elected secretary.

The routine work of the year included attendance at the Twenty-fourth Annual Conference of the Massachusetts Federation of Planning Boards, held at Concord on the second of October. The speakers offered many interesting suggestions, some of which should be helpful to this Town when problems such as those discussed may arise here in the future.

An appropriation of \$250 is recommended.

ARTHUR L. COBURN, Jr.,  
GEORGE W. BAILEY,  
RAYMOND W. COBURN,  
JAMES T. MOUNTZ,  
AGNES B. FITZGERALD,

*Planning Board.*

## REPORT OF THE AUDITOR

---

The Auditor submits the following report of the receipts and expenditures of the Town for the year ending December 31, 1937.

He has audited the books of the Treasurer and Collector, and finds all moneys in the latter's charge properly accounted for.

## REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY

---

The Trustees submit the following report for the year 1937:

During the year a drain pipe from the roof of the Library and a small dry well have been installed to prevent leakage into the cellar; and a part of the ivy on the building has been removed to prevent clogging of the gutters and consequent leakage in the reading room. An additional card index cabinet was purchased.

The conduct of the Library has been much the same as in previous years. Details and statistics will be found in the Librarian's report. The Trustees again desire to express their appreciation of the work of the Librarian and other members of the staff.

The remaining one-third of the ten percent reduction in salaries of the Library staff effective April 1, 1933 was restored as of April 1, 1937 in accordance with the recommendations in the selectmen's annual report for 1936.

Miss Louisa W. Case, who was first elected a Trustee in 1921 and was re-elected in 1936 for three years, resigned in 1937 and Rev. Miles Hanson, Jr. was elected at the annual town election to serve her unexpired term. The Trustees wish to express their deep regret at Miss Case's retirement and their appreciation for her sixteen years of faithful and efficient service to the Library and the Town and of friendly and helpful co-operation with her colleagues.

The Trustees ask for an appropriation for the current year of \$4,300.00, in addition to the usual allocation to the Library of the dog license refund.

Respectfully submitted,

CHARLES M. EATON,  
MILES HANSON, JR.,  
G. M. PALMER, JR.,

## Town Warrant

COMMONWEALTH OF MASSACHUSETTS

MIDDLESEX, SS.

*To any Constable of the Town of Weston,*

### GREETING:

In the name of the Commonwealth you are hereby required to notify and warn all of the inhabitants of the said town, qualified by law to vote in elections and town affairs, to meet in the Town Hall, in said town, on Monday, the 29th day of March, 1937, at 12 o'clock noon to act on Article 1 of this warrant; and to meet in said Town Hall on the same date at 8 o'clock P. M. then and there to act upon the remaining articles of this warrant.

The polls for the election of the town officers will be opened at 12 o'clock noon and may be closed at 7.45 P. M.

ARTICLE 1. To bring in their votes for the following town officers, each to be designated and all to be voted for on one ballot, namely :—

A moderator for a term of one year,  
 One selectman for a term of three years,  
 One member of the board of public welfare for a term of three years,  
 One assessor for a term of three years,  
 One member of the school committee for a term of three years,  
 A treasurer and collector for one year,  
 An auditor for a term of one year,  
 One library trustee for a term of three years,  
 One library trustee for a term of two years (to fill vacancy),  
 A library treasurer for a term of one year,  
 One trustee of the Merriam Fund for the Silent Poor for a term of three years,  
 One park commissioner for a term of three years,  
 One cemetery commissioner for a term of three years,  
 One member of the board of health for a term of three years,  
 Three measurers of lumber for one year,  
 One member of the board of commissioners of trust funds for a term of three years,  
 One member of the board of water commissioners for a term of three years,  
 Five members of the planning board,  
 A tree warden.

ARTICLE 2. To hear and act upon reports of town officers and committees.

ARTICLE 3. To determine whether the town will vote to transfer from the overlay reserve fund to the reserve fund

of the town the sum of \$3,000.00 or such other sum as the town may deem proper in the premises.

ARTICLE 4. To determine whether the town will vote to authorize the Selectmen to settle in full claims against the town by reason of land taken under Article 6 of the warrant for the annual Town Meeting held March 30, 1936.

ARTICLE 5. To determine whether the town will authorize the selectmen to acquire by purchase, gift, eminent domain or otherwise additional real estate adjoining the school property.

ARTICLE 6. To determine whether the town will vote to increase the compensation of the town auditor and the chairman of the board of public welfare or to act anything relative thereto.

ARTICLE 7. To determine whether the town will change the name of River Street to River Road and the name of Loring Street to Loring Road and to change to Westland Road that portion of Silver Hill Road which starts at 200 Merriam Street and adjoins Westland Road.

ARTICLE 8. To determine whether the town will vote to extend the system of water supply by laying a main or mains in public highways and ways approved by the Board of Survey including Conant Road northerly from North Avenue approximately 400 feet; Lexington Street, northerly approximately 300 feet; Aberdeen Road from the end of the existing main westerly approximately 1100 feet; and in Lantern Lane and Coach Road approximately 1400 feet; and to appropriate a sum of money not exceeding \$12,000.00 for said purposes; and to determine how said money shall be raised, by borrowing or otherwise, and to authorize the issuing of bonds or notes therefor, or to act in any way relative thereto.

ARTICLE 9. To consider the report of the Planning

Board and to determine whether the Town, in accordance with the recommendations of said Board, will vote to amend Article VIII of the By-Laws of the Town by amending Section 1 to read as follows:

“Section 1. *Establishment of Districts.* For the purposes of this by-law, the Town of Weston is hereby divided into six classes of districts to be known as:—

1. Single residence districts, Class A,
2. Single residence districts, Class B,
3. Single residence districts, Class C,
4. General residence districts,
5. Business districts,
6. Industrial districts,

as shown on the map which accompanies this by-law, entitled: ‘Zoning Map of the Town of Weston, Massachusetts, as amended 1937,’ filed in the office of the Town Clerk, which map, together with all the boundary lines and designations thereon, is hereby declared to be a part of this by-law.”;

further to determine whether the Town will vote to amend Article VIII of the By-Laws by amending Section 8 to read as follows:

“Sect. 8. *Setback Distance: All Districts.* No building or structure shall be constructed, altered, enlarged, reconstructed, or moved so that any part, except uncovered steps, is less than fifty-five feet distant from the center line of any street or private way used in common by two or more owners; provided that the Selectmen, under the provisions of Section 18, may give permission for a lesser distance to be used in specific cases where restricted lot dimensions, unfavorable topography of the ground, or other conditions, would make it impossible, difficult, or unreasonably expensive to adhere to the distance required by this section.”;

further to determine whether the Town will vote to amend

Article VIII of the By-Laws by amending Section 9 to read as follows:

"Sect. 9. *Definition, Minimum Area and Frontage of Lot.* A lot is the whole area of a single parcel of land under one undivided ownership, whether the tenure be several, joint, common or by the entirety. When such a parcel is divided on a plan filed at the Registry of Deeds, the term 'lot' shall mean a lot as shown on such plan, irrespective of ownership.

Every lot hereafter laid out in the general residence districts shall contain not less than ten thousand square feet.

Every lot in single residence districts shall contain not less than the area and shall have a frontage on a street or private way used in common by two or more owners or a width at the minimum street setback distance of not less than the amounts herein specified as follows:

Class of District	Minimum Area square feet	Minimum Street Frontage or width at street setback distance feet
Single residence districts, Class A	20,000	100
Single residence districts, Class B	30,000	125
Single residence districts, Class C	40,000	125";

further to determine whether the Town will vote to amend Article VIII of the By-Laws of the Town by repealing Section 9 (a) adopted at the meeting March 26, 1934; further to determine whether the town will vote to amend Article VIII of the By-Laws by amending Section 10 to read as follows:

"Sect. 10. *Single Residence Districts.* A. In the single residence districts, no building or structure, or buildings or structures on any one lot, including garages, stables, and all accessory buildings or structures, shall be

constructed, altered, enlarged, or reconstructed so as to occupy at the level of the first floor more than forty per cent of the area of the lot, nor, at the level of the second floor, more than twenty-five per cent of the area of the lot.

B. In the single residence districts no building or structure shall be constructed, altered, enlarged or moved so that any part, except uncovered steps, is less than the distance from the line of every adjoining lot or is less than the distance from the street line of any street or private way used in common by two or more owners herein specified as follows:

Class of District	Distance from lot line	Distance from street line
Single residence districts, Class A	15 feet	30 feet
Single residence districts, Class B	20 feet	35 feet
Single residence districts, Class C	25 feet	40 feet";

further to determine whether the Town will vote to amend Article VIII of the By-Laws by amending Section 11 B by inserting after the words "private way" the words "used in common by two or more owners"; further to determine whether the Town will vote to amend Article VIII of the By-Laws by amending Section 12 B by inserting after the words "private way" the words "used in common by two or more owners"; and further to determine what, if any, further or other amendments shall be made in said Article VIII of the By-Laws.

ARTICLE 10. To raise and appropriate by borrowing or otherwise, such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, or as may be required to defray the expenses of the town for the ensuing year; and especially to act upon all the appropriations asked for or proposed by the selectmen or by the town officers or committees in their reports; and to au-

thorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1937, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44 of the General Laws.

And you are to serve this warrant by posting three attested copies thereof, according to the vote of the town, namely, at the Town House, at the Kendal Green post office, and on the town bulletin-board at the junction of South Avenue and Park Road and Newton Street seven days at least before the time appointed for said meeting.

Hereof fail not; and make due return of this warrant with your doings thereon to the selectmen at the time and place of said meeting.

Given under our hands this fifth day of March in the year of our Lord one thousand nine hundred and thirty-seven.

HERBERT E. TYLER

B. LORING YOUNG

BRENTON H. DICKSON, JR.

*Selectmen of the Town of Weston.*

Pursuant to the within warrant I have notified and warned the inhabitants of the Town according to order.

### Annual Town Meeting, March 29, 1937

In pursuance of the foregoing warrant, the inhabitants of the town qualified to vote in elections met in the Town Hall on Monday, March 29, 1937 at 12 o'clock noon and were

called to order by Dudley P. Ranney, Moderator. Brenton H. Dickson, Jr., Town Clerk, read the warrant calling said meeting and the return of the officer who served the same upon the inhabitants.

The Lower Hall had been fitted up as a polling place in conformity with the laws of the Commonwealth. The cards of instruction, penalties to voters and specimen ballots were posted in accordance with the laws of the Commonwealth. The following Election Officers who had previously been appointed by the Selectmen were sworn by the Town Clerk to the faithful performance of their duties:

*Ballot Clerks*

Alice E. Jones

John A. Cain, Jr.

*Election Officers*

Grace H. Spaulding

John Harte

*Tellers*

Marie L. Tilton

George H. Welcome

Mae E. Vittum

John C. Waters, Jr.

Mary A. McMahon

John J. Cassidy, Jr.

Anna H. Smith

J. William Murray

The ballot-box was publicly opened and shown to be empty. The register on the box was set at zero (0) and the box immediately thereafter locked and the keys there-to delivered to the Town Clerk.

A package containing 2589 ballots was delivered to the ballot clerks by the Town Clerk who took their receipt there-for. The polls were then declared open.

Upon two occasions while the polls were open the ballot-box was opened and ballots taken therefrom for counting, it being deemed advisable so to do in the unanimous judgment of the Presiding Election Officer and the Town Clerk. The times of thus opening the ballot-box and the number of ballots taken therefrom were as follows:

6.12 P. M.	.	.	.	.	.	.	.	.	50 ballots
7.32 P. M.	.	.	.	.	.	.	.	.	50 ballots

The polls were closed at 7.45 P. M .

The number of names checked on the voting lists used by the ballot clerks and the Election Officer in charge of the reception of ballots was 185. The automatic register on the ballot-box read 185 and 185 ballots were taken therefrom. The ballots were counted and recorded and declaration thereof made in open meeting by the Moderator.

ARTICLE 8. *Voted:* The Water Commissioners are hereby authorized in their discretion to lay new mains not less than six inches but less than sixteen inches in diameter in any of the public highways and ways approved by the Board of Survey including Conant Road, northerly from North Avenue approximately 400 feet; Lexington Street, northerly approximately 300 feet; Aberdeen Road from the end of the existing main westerly approximately 1100 feet; and in Lantern Lane and Coach Road approximately 1400 feet; and to make in the name and behalf of the town and upon terms at their discretion (subject to law and to the appropriation hereinafter mentioned) suitable contracts with respect to the laying of such new mains, including contracts providing for the payment to the town of the whole or any portion of the cost thereof.

*Further Voted:* The Water Commissioners are hereby authorized to expend for the laying of such new mains the whole or any part of the sum of \$12,000 which is hereby appropriated for that purpose, to be raised by incurring indebtedness outside the debt limit under the authority of Chapter 44 of the General Laws as amended, for which purpose the Town Treasurer with the approval of the Selectmen is hereby authorized to prepare, issue and sell coupon bonds or coupon notes of the town in the principal amount of \$12,000, payable in not more than fifteen years from the date of said bonds or notes or within such shorter period as the treasurer and selectmen may determine, with annual maturities in accordance with section 19 of said chapter 44, as amended. Said bonds or notes shall be designated on their face "Weston Water Main Loan, Issue of 1937", shall be signed by the Treasurer and countersigned by the Selectmen, and shall state on the face thereof that they are exempt from taxation in Massachusetts. Said bonds shall not be obligatory upon the town without the authenticating certificate thereon of a trust company or National Bank to be designated by the Selectmen. Said bonds or notes shall be subject to registration as to principal and may be sold from time to time by the Treasurer under the direction of

the Selectmen at public or private sale, with or without notice or advertisement, but at not less than par and accrued interest. Premiums received on said notes or bonds, less the cost of preparing, issuing and marketing them shall be applied to the payment of the principal of the first bonds or notes so to mature. All other particulars as to form, issuance and sale of said bonds or notes, and the rate of interest, payable semi-annually, which they shall bear, shall be determined by the treasurer with the approval of the selectmen. For the purpose of payment of principal and interest on said bonds or notes as they become due, there shall be raised by taxation each year a sum which, with the income derived from water rates and charges, shall be sufficient to pay said principal and interest coming due in that year, until all of said bonds or notes have been paid. Reference herein to "selectmen" shall mean all or a majority of them.

This vote passed unanimously.

ARTICLE 9. A motion to lay on table did not prevail.

Mr. F. H. Nash moved: That Article VIII of the By-Laws be amended as stated in Article 9 of the warrant.

A motion to amend the plan in the town report referred to in said Article 8 to make class B zone to cover all the Clifford land on Highland Street and Pelham Road, about 15 acres, was accepted by Mr. Nash.

A motion that all single residents districts of the town be zoned in class B with a minimum area of 30,000 sq. feet was defeated by a vote of 16 in the affirmative and 211 in the negative.

A motion to eliminate Class C and include its area in Class B was defeated by a vote of 110 in the affirmative and 323 in the negative.

Mr. Nash's motion that Article 9 of the Warrant as amended was then passed, 364 persons voting in the affirmative and 49 in the negative, the vote being as follows:

*Voted:* To amend Article VIII of the By-Laws of the Town by amending Section 1 to read as follows:

Section 1. *Establishment of Districts.* For the purposes of this by-law, the Town of Weston is hereby divided into six classes of districts to be known as:—

1. Single residence districts, Class A,
2. Single residence districts, Class B,
3. Single residence districts, Class C,
4. General residence districts,
5. Business districts,
6. Industrial districts,

as shown on the map which accompanies this by-law, entitled: "Zoning Map of the Town of Weston, Massachusetts, as amended 1937," filed in the office of the Town Clerk, which map, together with all the boundary lines and designations thereon, is hereby declared to be a part of this by-law";

*Further Voted:* To amend Article VIII of the By-Laws by amending section 8 to read as follows:

"Sect. 8. *Setback Distance: All Districts.* No building or structure shall be constructed, altered, enlarged, reconstructed, or moved so that any part, except uncovered steps, is less than fifty-five feet distant from the center line of any street or private way used in common by two or more owners; provided that the Selectmen, under the provisions of Section 18, may give permission for a lesser distance to be used in specific cases where restricted lot dimensions, unfavorable topography of the ground, or other conditions, would make it impossible, difficult, or unreasonably expensive to adhere to the distance required by this section";

*Further Voted:* To amend Article VIII of the By-Laws by amending section 9 to read as follows:

"Sect. 9. *Definition, Minimum Area and Frontage of Lot.* A lot is the whole area of a single parcel of land under one undivided ownership, whether the tenure be several, joint, common or by the entirety. When such a parcel is divided

on a plan filed at the Registry of Deeds, the term 'lot' shall mean a lot as shown on such plan, irrespective of ownership.

Every lot hereafter laid out in the general residence districts shall contain not less than ten thousand square feet.

Every lot in single residence districts shall contain not less than the area and shall have a frontage on a street or private way used in common by two or more owners or a width at the minimum street setback distance of not less than the amounts herein specified as follows:

Class of District	Minimum Street	
	Minimum Area	Frontage or width at
	square feet	street setback distance
		feet
Single residence districts, Class A	20,000	100
Single residence districts, Class B	30,000	125
Single residence districts, Class C	40,000	125";

*Further Voted:* To amend Article VIII of the By-Laws of the Town by repealing section 9 (a) adopted at the meeting March 26, 1934; further voted to amend Article VIII of the By-Laws by amending section 10 to read as follows:

"Sect. 10. *Single Residence Districts.* A. In the single residence districts, no building or structure, or buildings or structures on any one lot, including garages, stables, and all accessory buildings or structures, shall be constructed, altered, enlarged, or reconstructed, so as to occupy at the level of the first floor more than forty per cent of the area of the lot, nor, at the level of the second floor, more than twenty-five per cent of the area of the lot.

B. In the single residence districts no building or structure shall be constructed, altered, enlarged or moved so that any part, except uncovered steps, is less than the distance

from the line of every adjoining lot or is less than the distance from the street line of any street or private way used in common by two or more owners herein specified as follows:

Class of District	Distance from lot line	Distance from street line
Single residence districts, Class A	15 feet	30 feet
Single residence districts, Class B	20 feet	35 feet
Single residence districts, Class C	25 feet	40 feet";

further voted to amend Article VIII of the By-Laws by amending section 11 B by inserting after the words "private way" the words "used in common by two or more owners"; further voted to amend Article VIII of the By-Laws by amending section 12 B by inserting after the words "private way" the words "used in common by two or more owners".

Article 10 had previously been taken up in connection with Article 2.

The meeting was dissolved at 10.35 P. M.

## WESTON-WELLESLEY TOWN LINE PERAMBULATION—1937

We, the subscribers, Selectmen of the Towns of Weston and Wellesley, have this twenty-seventh day of November, 1937, perambulated the lines and renewed the bounds between said towns, and report as follows, viz:—

Beginning at a stone monument standing in the wall on land owned by Mary Glynn, marked W W N, being the corner of Weston, Wellesley and Natick; thence running north  $79\frac{1}{2}$  degrees east 16,436 feet, to an iron bolt bolted on to a rock in the Charles River, it being the corner of Weston, Wellesley and Newton; by land of Charles W. Hubbard, it being a straight line according to a survey made by Robert Mansfield in 1866. Between are the following bounds, viz:—

No. 1. On Wellesley, near house of John L. Card.

No. 2. On the summit of a large hill in the woods, on land of E. R. Pierce.

No. 3. On the top of a small knoll in the woods, on land of E. R. Pierce.

No. 4. On a hill near a pond.

No. 5. Stone monument marked W W, standing on the north side of Glen Road near house of W. H. Jennings.

No. 6. Equal distance between No. 5 bound and Charles River near a large Oak tree, on the South side of Oxbow Road.
